Our communities are changing around us. Some congregations feel helpless, if not completely immobilized. Others shout, “We’re ready! Help us lead into this new frontier well!” Maybe you and your congregation fall somewhere in between. The ultimate goal of our time together is to leave the event with a specific action plan for *your* congregation!

Dave Daubert is an ELCA pastor, and the Lead Consultant and Managing Partner for Day 8 Strategies, which does coaching and consulting for faith based organizations and their leaders. He works across the US and Canada and is a leading proponent for emergent planning for nimble ways of working in today's world. Dave brings his experiences as an agricultural engineer, nonprofit board member, and denominational executive to his work in faith-based organizational renewal. An avid learner, Dave has a Bachelor's degree in engineering, two Master's Degrees in theological disciplines and mission, two Doctorates focusing on church leadership and mission, and a certificate in nonprofit management from Michigan State University.
