

Summer 2021

**"Learning and Growing
Together in Christian
Community through
Outdoor Ministry."**

Camp Agapé – a place where God's children of every age come to learn about themselves and the God who created them. Agapé is a place where children come to explore, experience the gifts and skills that God has blessed them with, to develop, confidence, to face the world to which they return, to receive affirmation that God loves them as they are, and encourages them to grow into what they can become. This year in an effort to ensure the safety of all who come to Camp Agapé we have ***shorten our weeks*** to provide proper time to clean and disinfect our facilities.
